Our President,

Dr. W. O. Benjamin, third President of Itawamba Junior College, this year was awarded a new four-year contract by the Board of Trustees.

Before coming to IJC in 1972, Dr. Benjamin taught junior high and high school math and science. He also was an elementary, junior high and high school principal and assistant superintendent of schools.

Dr. Benjamin often has said that he is interested in education. His interest in Itawamba Junior College is evident. During his eleven years at IJC, several new buildings have been added to both campuses. Many new programs are now meeting the educational needs of the residents of the five county district and preparing them for the technology of the 1980s.

Benjamin said some of the most satisfying experiences as President of IJC are the diversity of activities and working with the people in the district.

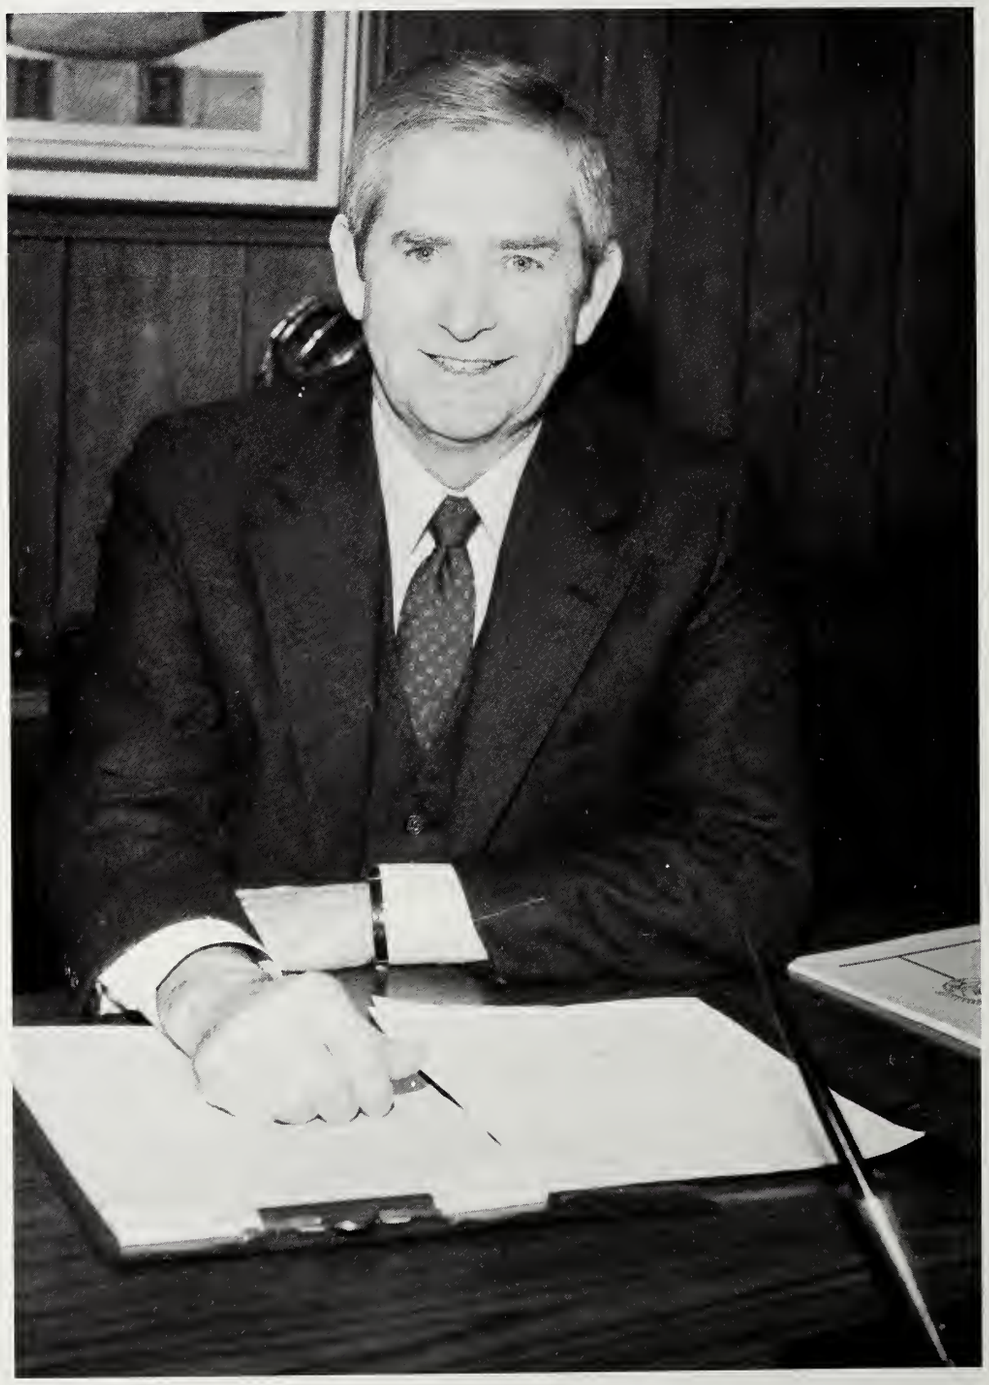
"Helping people acquire skills that will enable them to get good jobs," Benjamin said, "and helping students experience things that will enable them to be successful are most rewarding."

Benjamin has a Bachelor of Arts in education degree, Master of Education in school administration, Master of Science, and Doctorate of Education from the University of Mississippi.

He is married to the former Doris Sneed. They have one son, Kent, who lives in Austin, Texas.

"I am looking forward to continuing working with the people in the five-county area, outstanding board of trustees, real fine faculty and just tremendously outstanding students," he said.

. . . And thank you, Dr. Benjamin, for your interest in Itawamba Junior College



Dr. W. O. Benjamin

Dr. and Mrs. Benjamin

Dr. Benjamin has served as president of IJC since July 1, 1972. Since that time IJC has grown tremendously.

Mrs. Doris Benjamin serves as Coordinator of Library services on both the Fulton and Tupelo campuses. Under the direction of Mrs. Benjamin the libraries have become more advanced and more fully equipped.

Dr. Benjamin and his secretary, Mrs. Ann Pate

Dr. Benjamin talks with students. This is a vital part of the growth of IJC.

Teacher in action

The faculty makes IJC what it is, an institution of higer learning that is concerned about the welfare and education of every student enrolled. IJC has a very select group of men and women who make up the faculty . . . a faculty who cares about each student as an individual. The faculty is not only student-oriented but they are also well-qualified. Many hold doctor's degrees and all have training or experience beyond the B.S. degree. They are well-qualified to help the student adjust to college life and make important career decisions.

Great
Together

Ag club members include (row 1, left to right) Tommy Carruth, Lynn Westbrook, Eddie Barrett, (row 2) Eddie Simmons, Perry Whitaker, Joel Horn, Philip Horn, (row 3) Charles Stone, Advisor, Carr Sams, and Bryan Suggs.

Ag officers include (seated) Bryan Suggs, treasurer; (standing, left to right) Philip Horn, president; Eddie Barrett, vice-president; Lynn Westbrook, secretary; and (top) Joel Horn, reporter.

Agriculture Club

The Agriculture Club is open to all ag-related majors and other students interested in agriculture.

The group has won several competitions on the state level, and they also participate in national contests. During meetings, they plan for events and contests and conduct business sessions. They also hold several cookouts throughout the year.

Alpha Beta Gamma

Alpha Beta Gamma is a national academic association for junior college business majors. Interested students must have a 3.0 grade point average to apply for membership.

The somewhat small group occasionally invites guest speakers, giving students an opportunity to meet and talk with businessmen about job opportunities in the area.

Chieftain

The Chieftain, IJC's newspaper, is published every two weeks throughout the school year. The volunteer staff consists mostly of Journalism I students, who gather story information during lab day once a week. Staff members try to cover all areas of college news and get input from the students through the student opinion poll.

This year the difficult job of typesetting the Chieftain was made a little easier with the arrival of an MCS computer typesetter in the Publications department. Typesetters Donna Thomas and Kim Steele can now complete this task more efficiently and much sooner. Once their job is done and the pasteup work finished, the Itawamba County Times prints the papers, and they are distributed over the campuses for students' convenience.

Mirror Staff

Work on the yearbook began in the summer at the University of Mississippi Yearbook Camp, as editor Katie Fowler chose a theme, learned new layout designs, and became familiar with the publishing company's representatives. When classes began in the fall, a small staff of seven began work on the 1984 Mirror. A lot of hard work and long hours were spent to meet three deadlines and finish the book by February. Even though the hours were long, the staff had a lot of fun.

A History

This fall marked the 35th anniversary of the opening of Itawamba Junior College. IJC was to be a federally supported community college. This was to be an addition to the already existing Itawamba Agricultural High School. Phillip A. Sheffield was chosen as the first president of the college. The first freshman class consisted of 144 students from three counties: Lee, Itawamba and Monroe. Pontotoc joined as a supporting district in 1953, and Chickasaw in 1972.

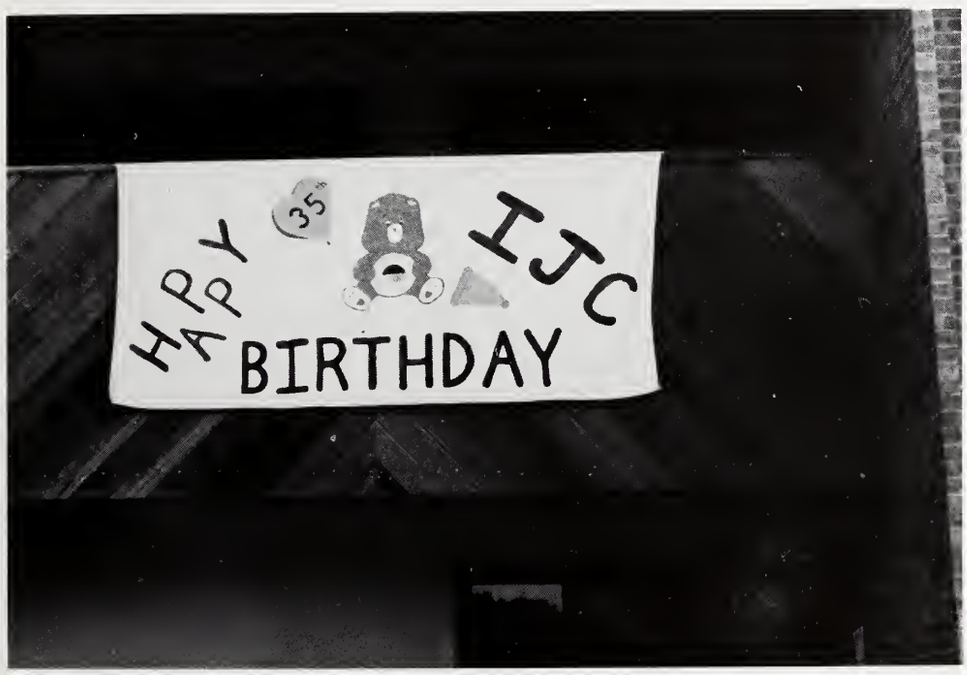
Going For 35 More Years Of Quality Education

Happy Birthday, IJC!



J. S. Crubaugh was promoted from Academic Dean to President after the death of Sheffield. IJC's Fulton campus saw many changes under the direction of Crubaugh. Many of the older buildings were torn down to make room for the more modern buildings that are still being used today. The Student Center, the Phillip Sheffield Auditorium as it is formally named, was the first building to be completed under this modernizing program. Approval for the Tupelo Vocational-Technical Complex was granted in April, 1963, and opened in 1966. Crubaugh served until 1972.

Dr. W. O. Benjamin assumed the job of President July 1, 1972. Benjamin, a native of Pontotoc county, has helped to bring about the construction of the Technical Education Building, the Health-Science Building, the Fine Arts Building, and several of the dorms. Benjamin is also overseeing the construction of the new football stadium.

Thanks to hard work, IJC is getting bigger and better.

And In Closing . . .

The Art Club's teepee won the Spirit Competition during Homecoming Week.

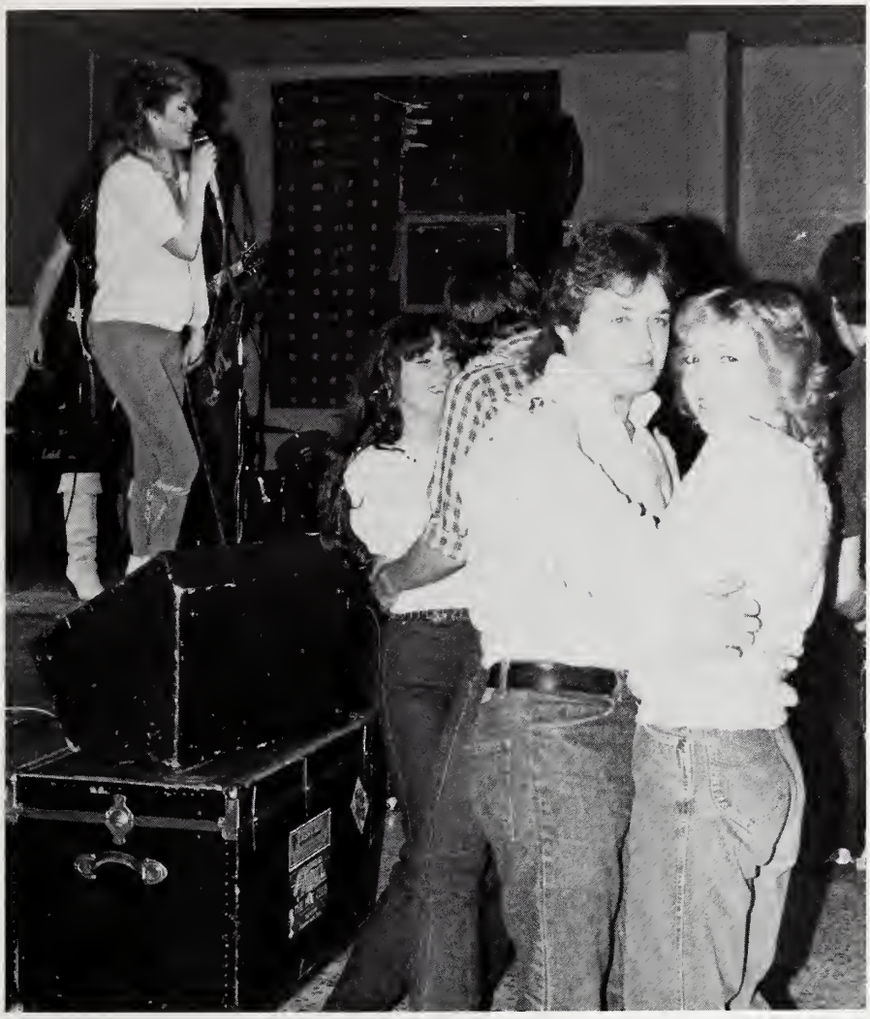
Electronics students spend a great deal of time in the lab.

Most Beautiful Tammy Gooch is congratulated by her family and friends.



"Vixen" was the featured band at the Christmas Dance.

Jaré Sutton, Tim Hallman, Lee McClellan, and Gary Jacobs relax with a game of poker.

Charles Townsend gets a free ride on a three-wheeler.

A pep band provided spirit and entertainment at several Indian basketball games this year.

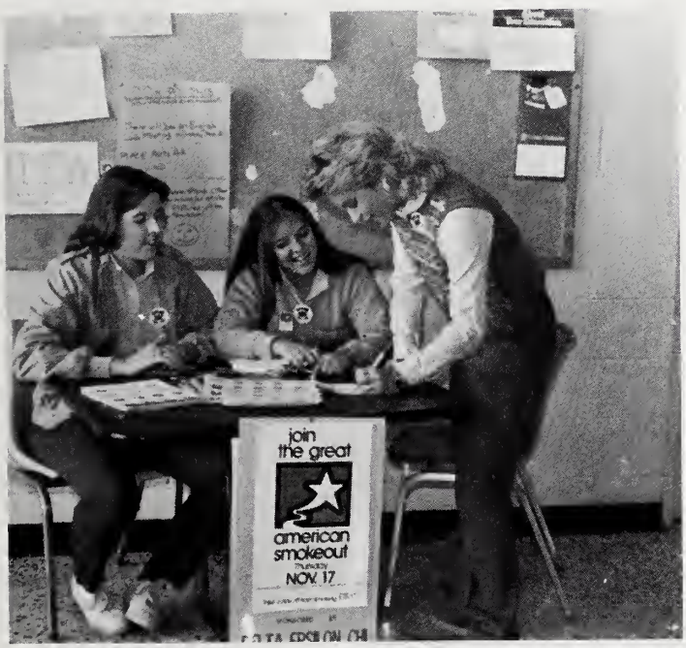
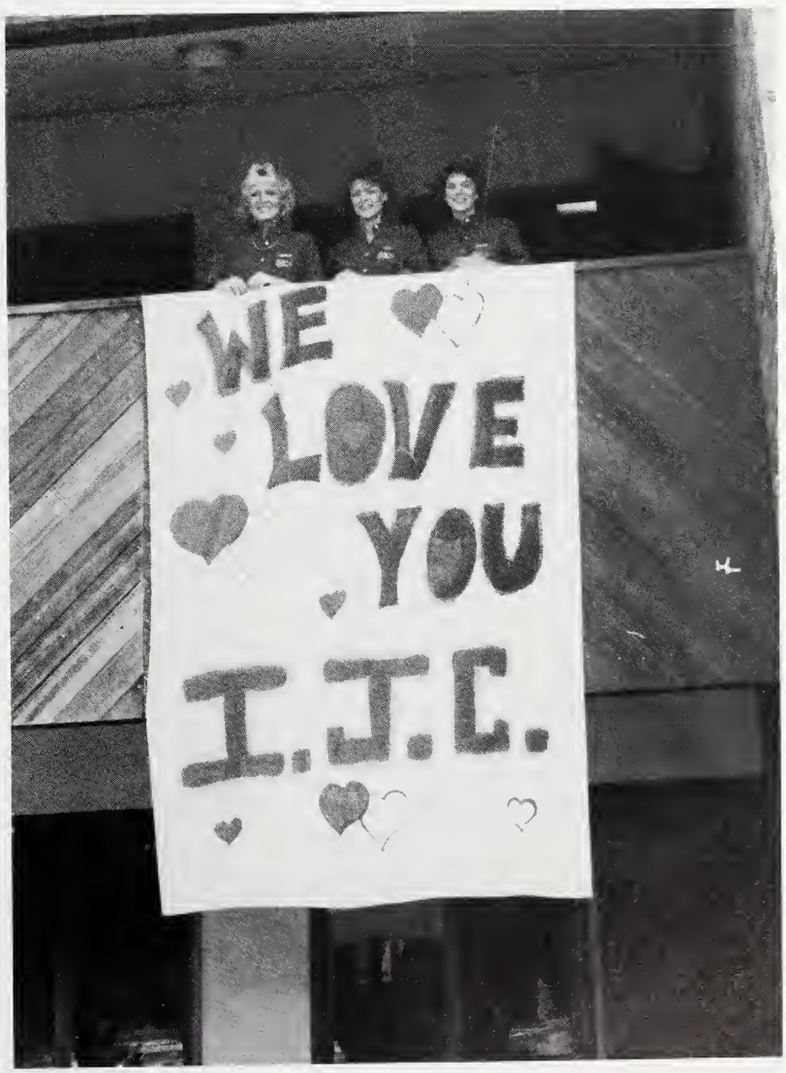
. . . remember well.

The Lady Indians work together for two points.

Sandy Ford begins her drawing class with the basics.



Delta Epsilon Chi sponsored an on-campus Great American Smokeout, urging student and faculty smokers to kick the habit.



So Much To Learn, Yet, so little time

The final shipment is ready to send in. I can hardly believe that it's over. I've learned so much.

This year has been difficult, but fun. Work on the MIRROR has taken a lot of time from a lot of people. The staff was small, but we have managed to complete our job. A job that we hope has been done well.

I want to thank the staff for the long hours they put in, and the instructors for their patience during every crisis situation.

I hope that we have captured a special part of the year for everyone. Each time you look at the 1983-84 MIRROR I hope you find special memories on each page.

Good Luck!
